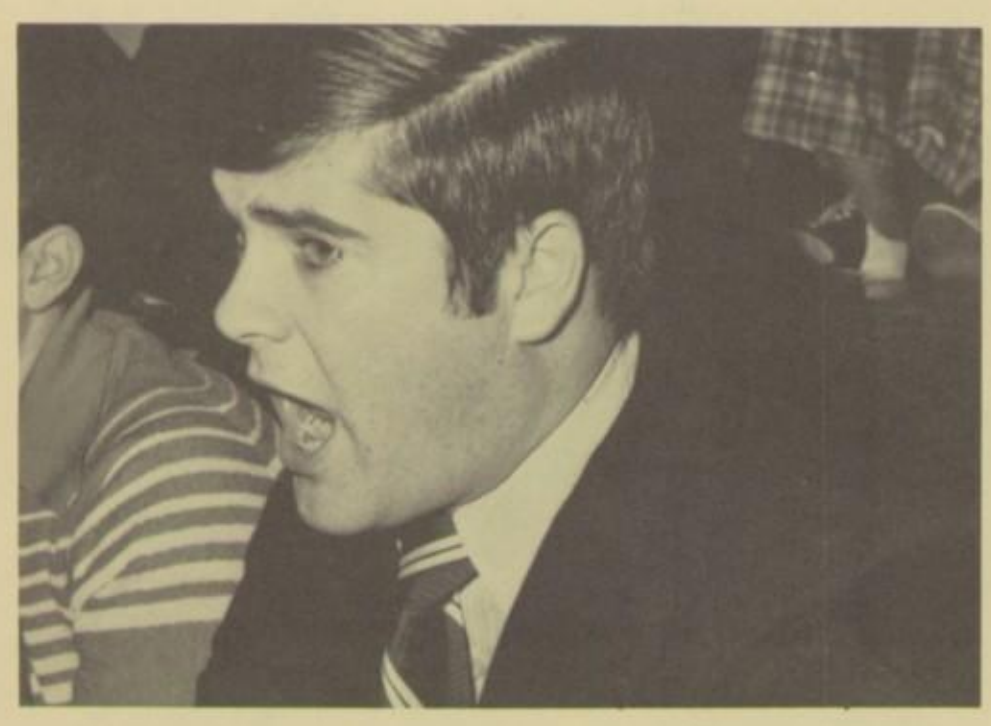
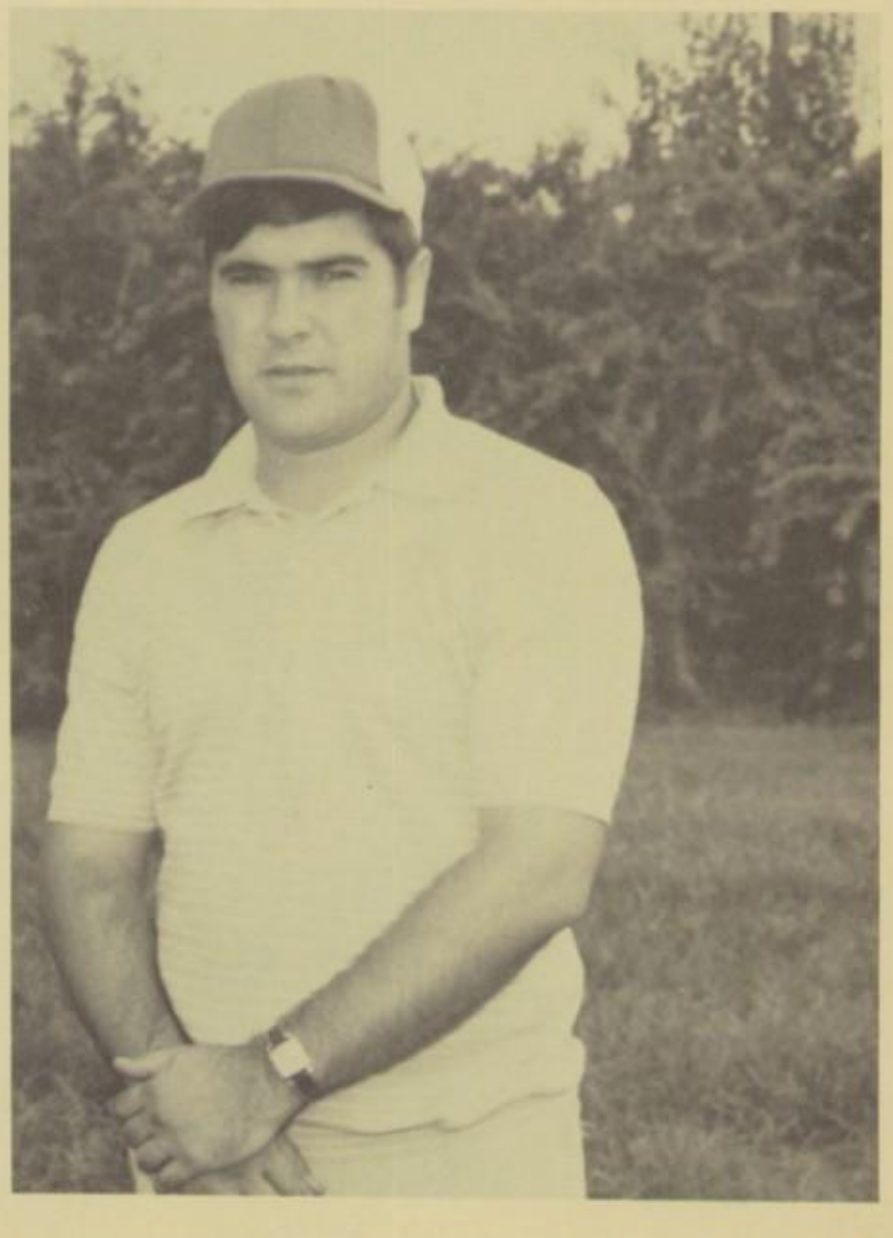
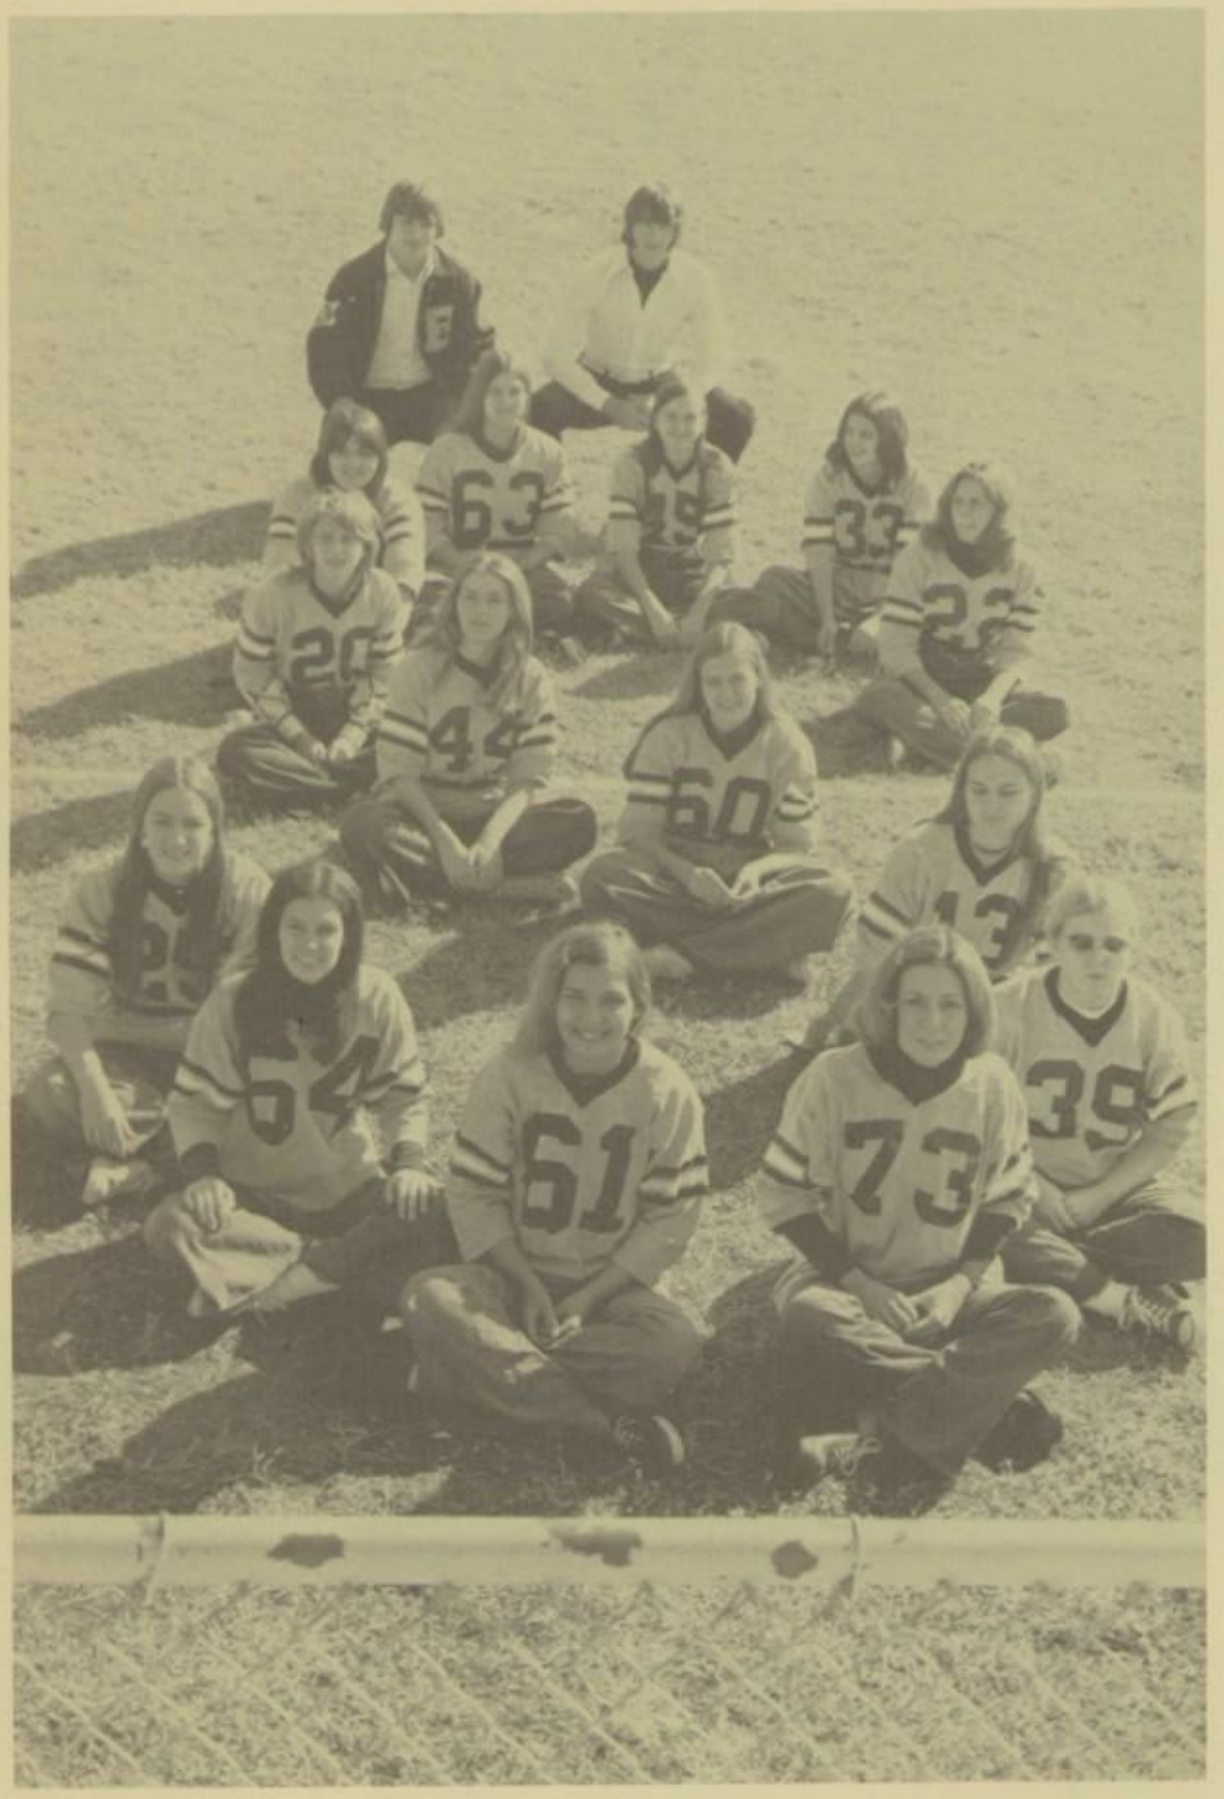
We Honor Coach John W. Gibson

With great pride we dedicate the 1974 Centralian to a man who is a friend, guide and companion. His unselfish devotion to his work and his involvement in the activities of the school have served as a challenge to his students. Fair play and good sportsmanship is a part of his teachings. He has a genuine concern for each individual and a desire to help each one. He is one example of a teacher who cares.





Every day we walk
through the same doors,
and sit in the same
chairs. During our
year the path
never changes, only
our direction and
destination.



Sandra,

I have had a good time in P.E

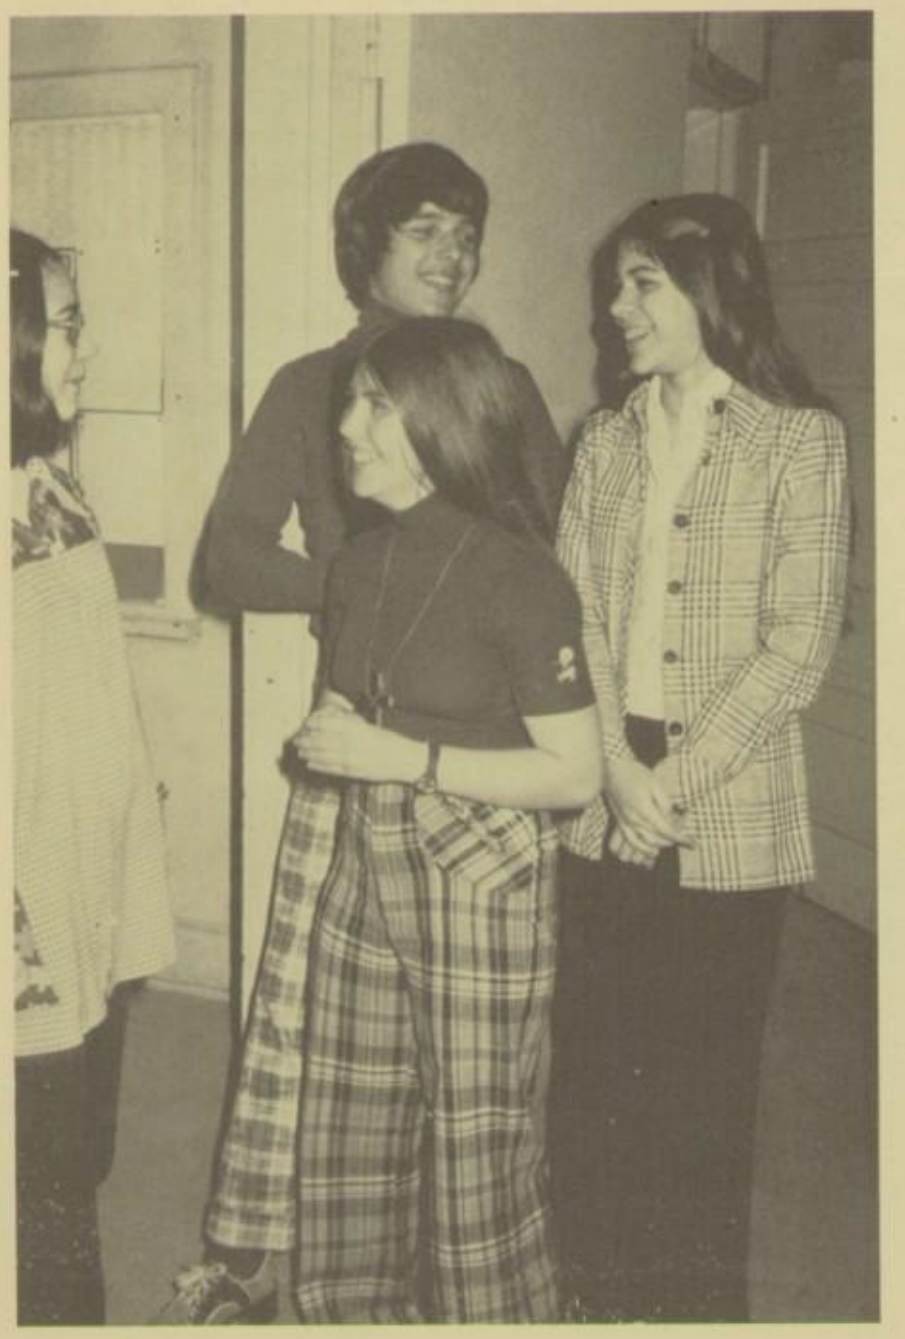
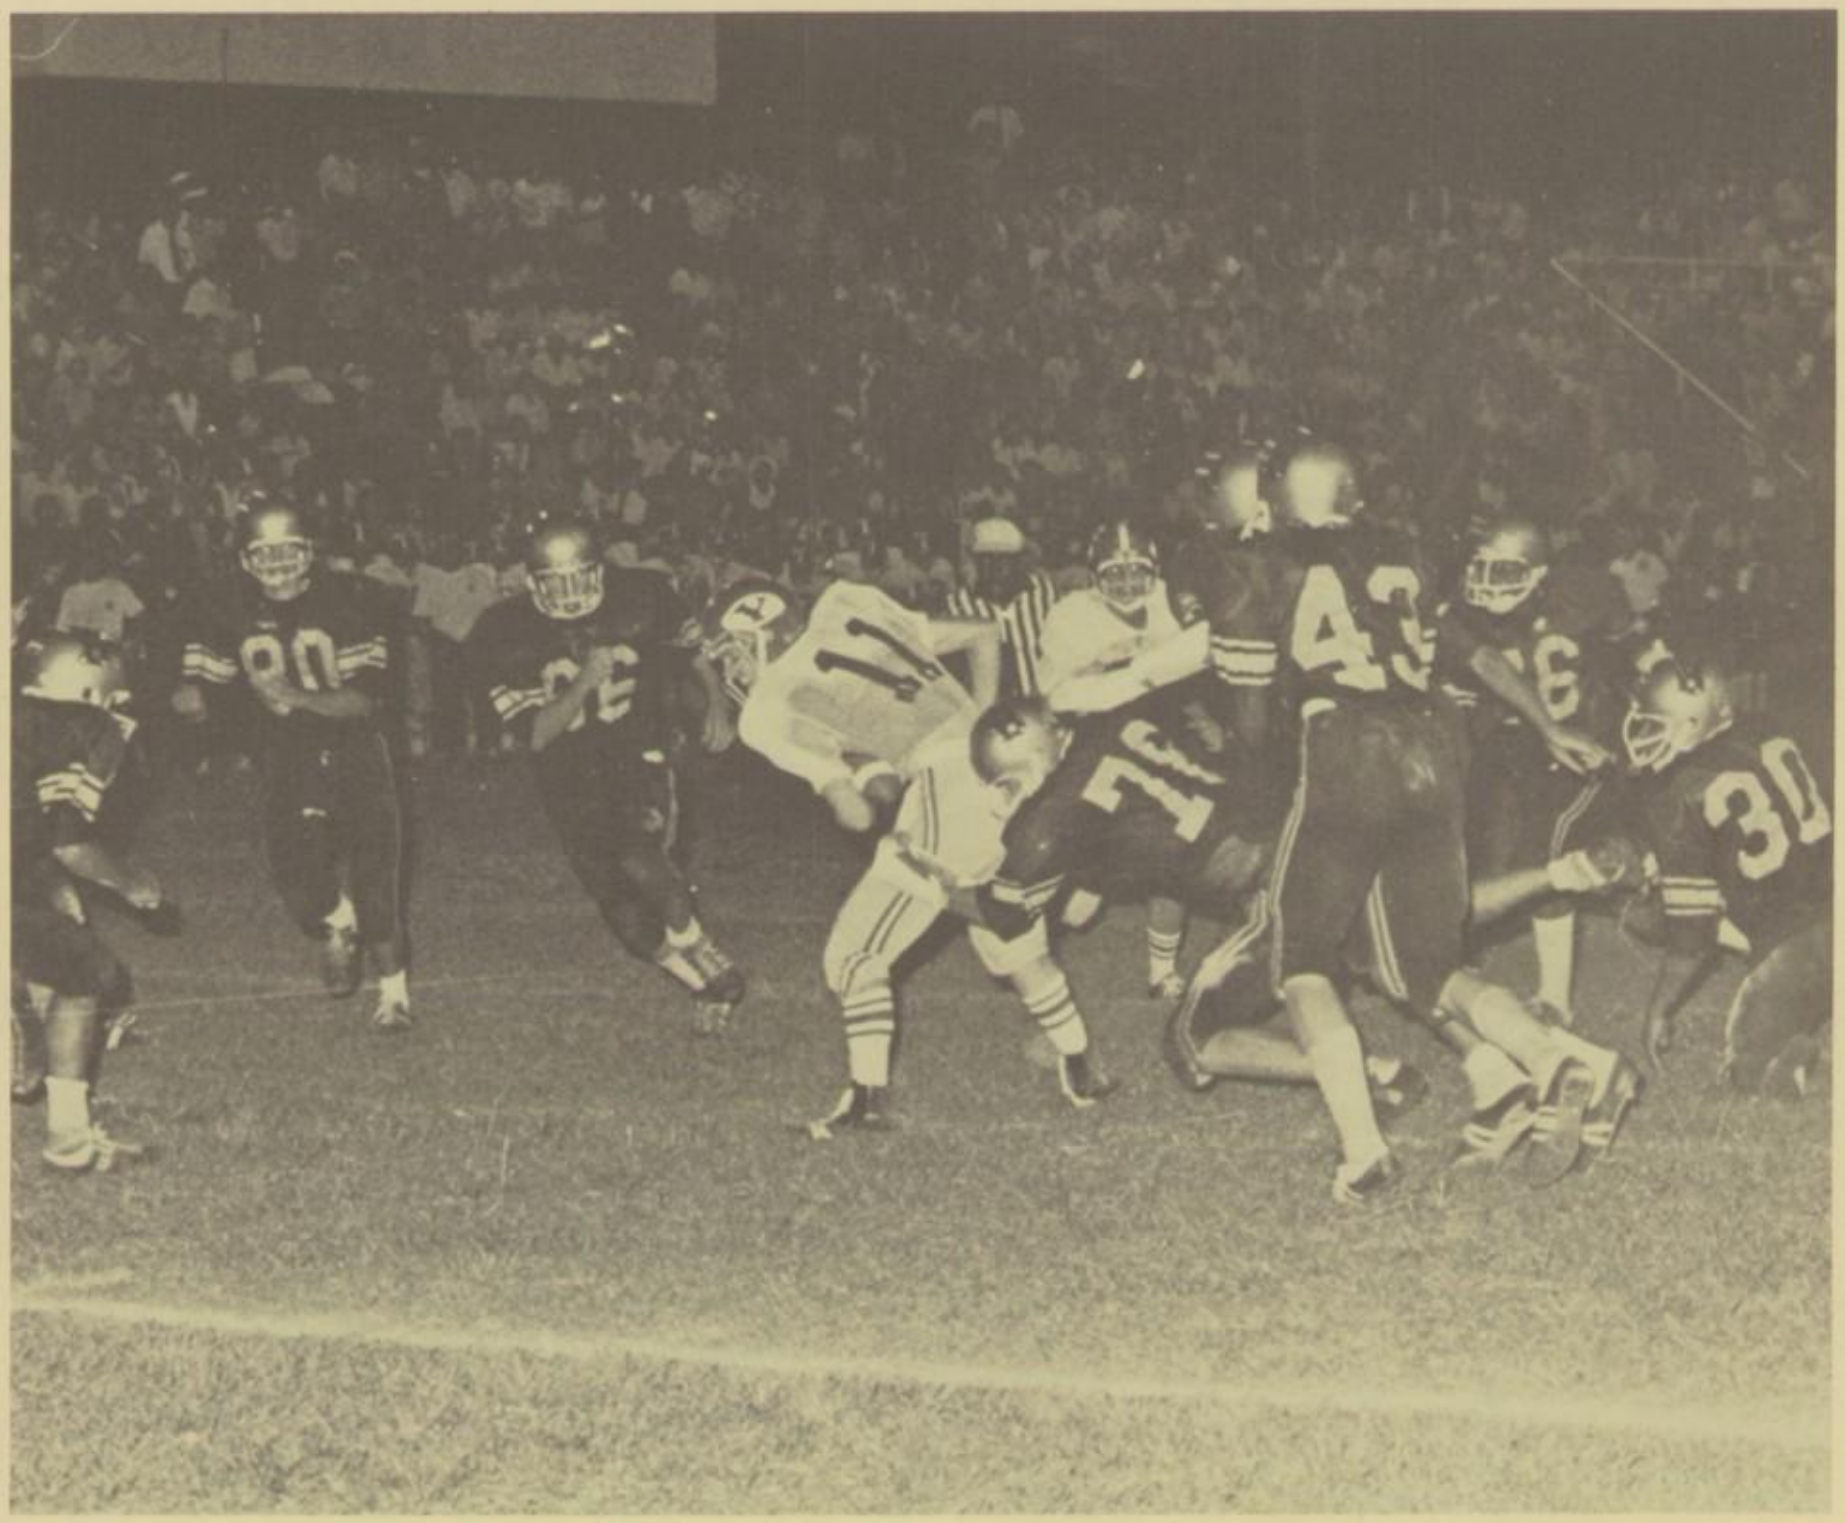
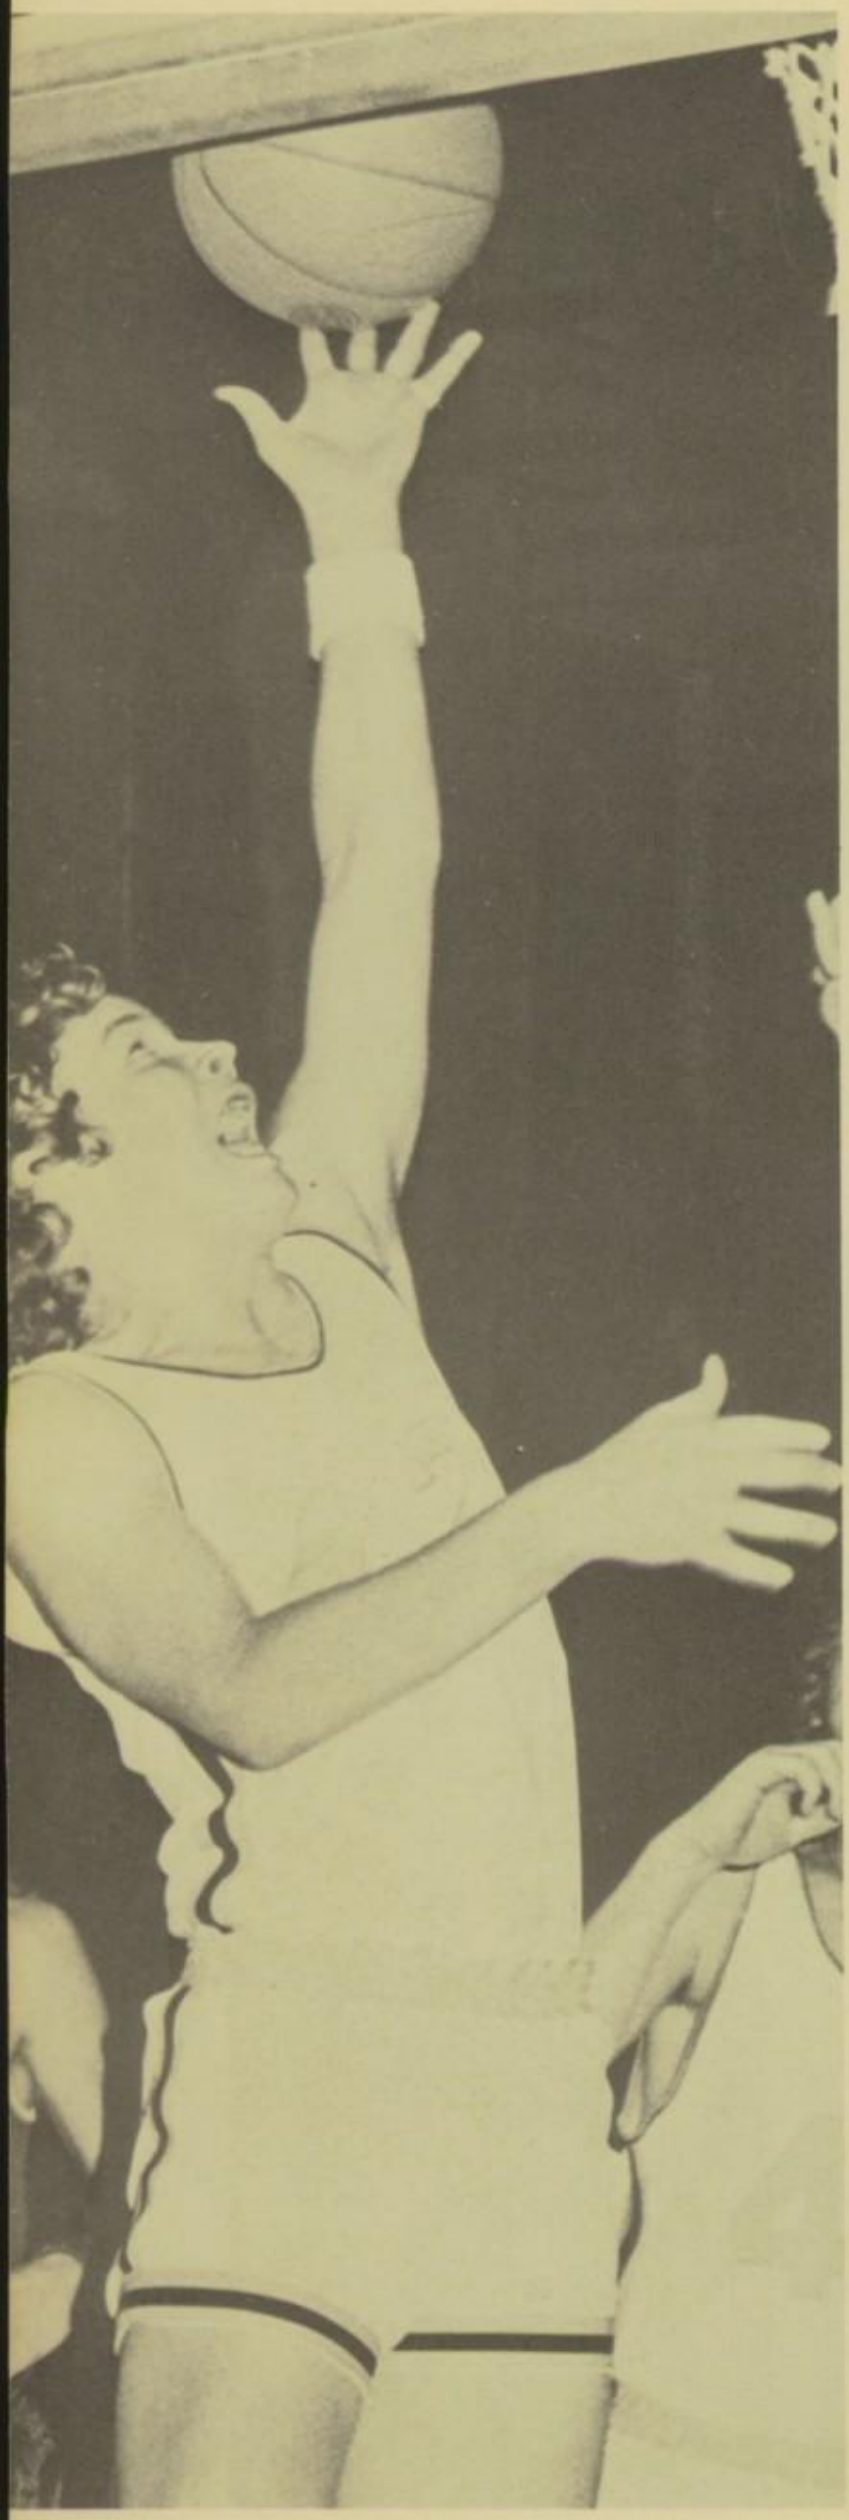
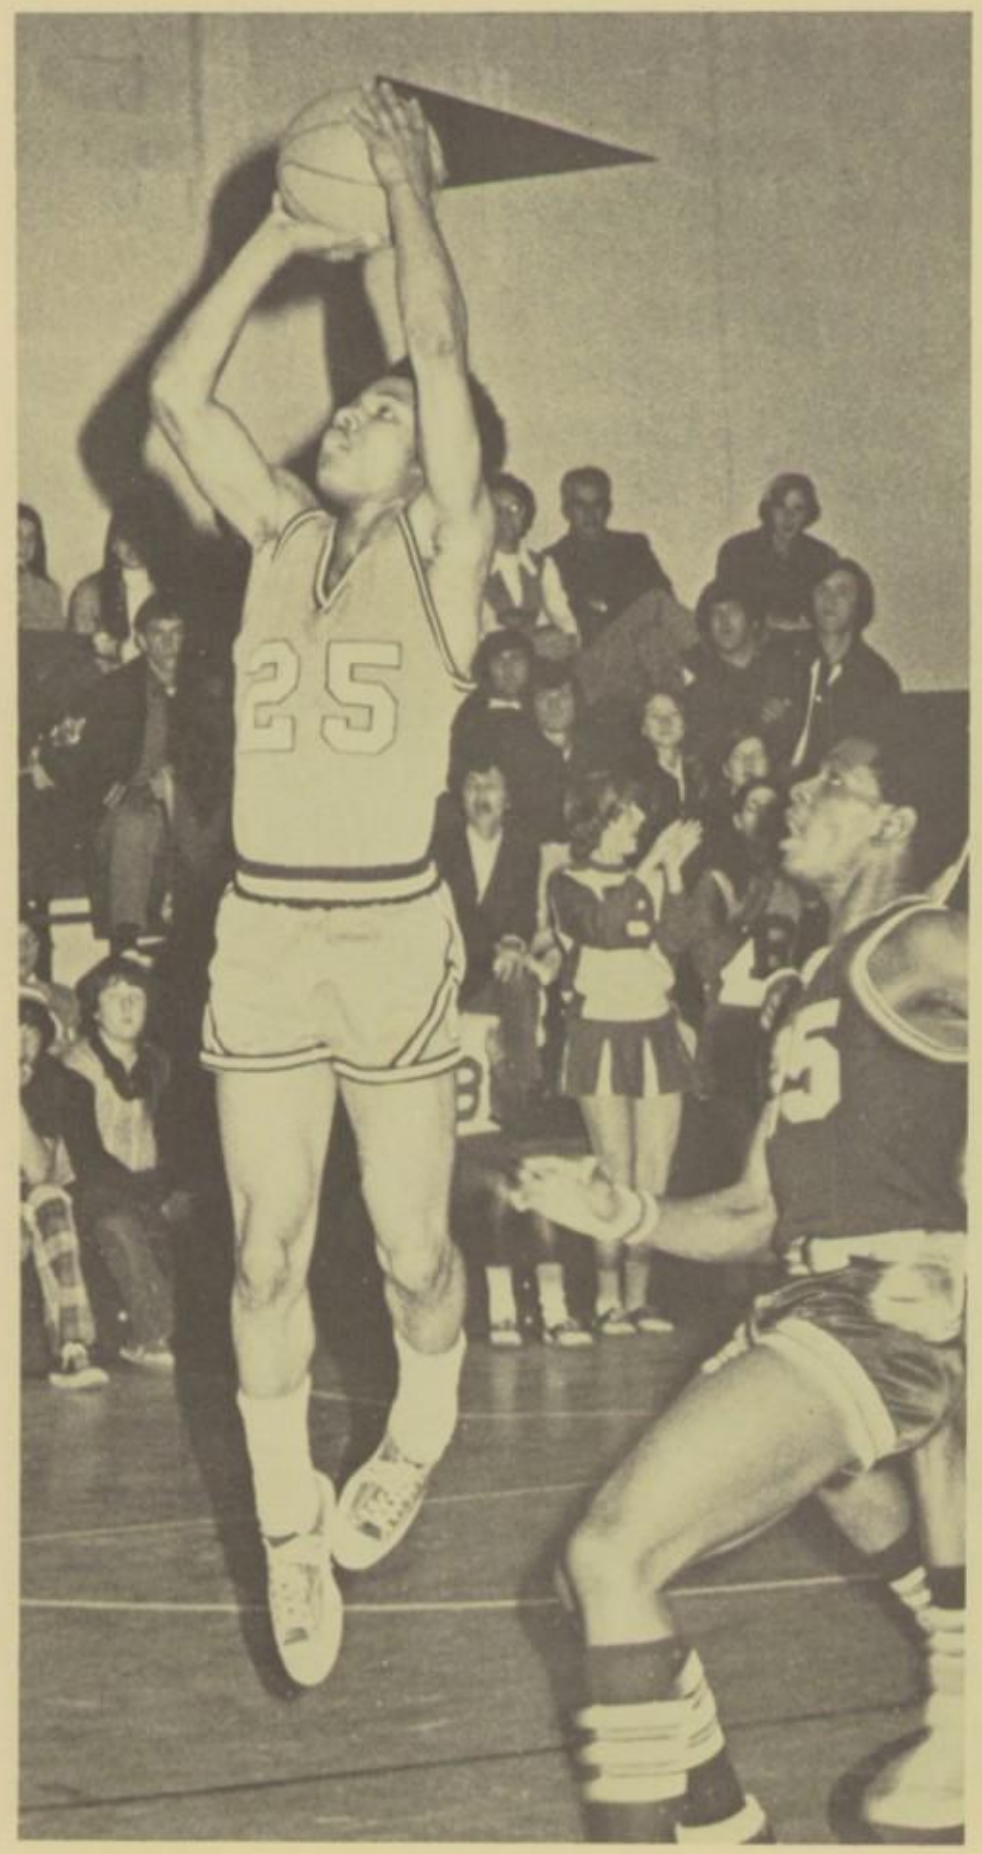
Even the smallest trees have tops . . .

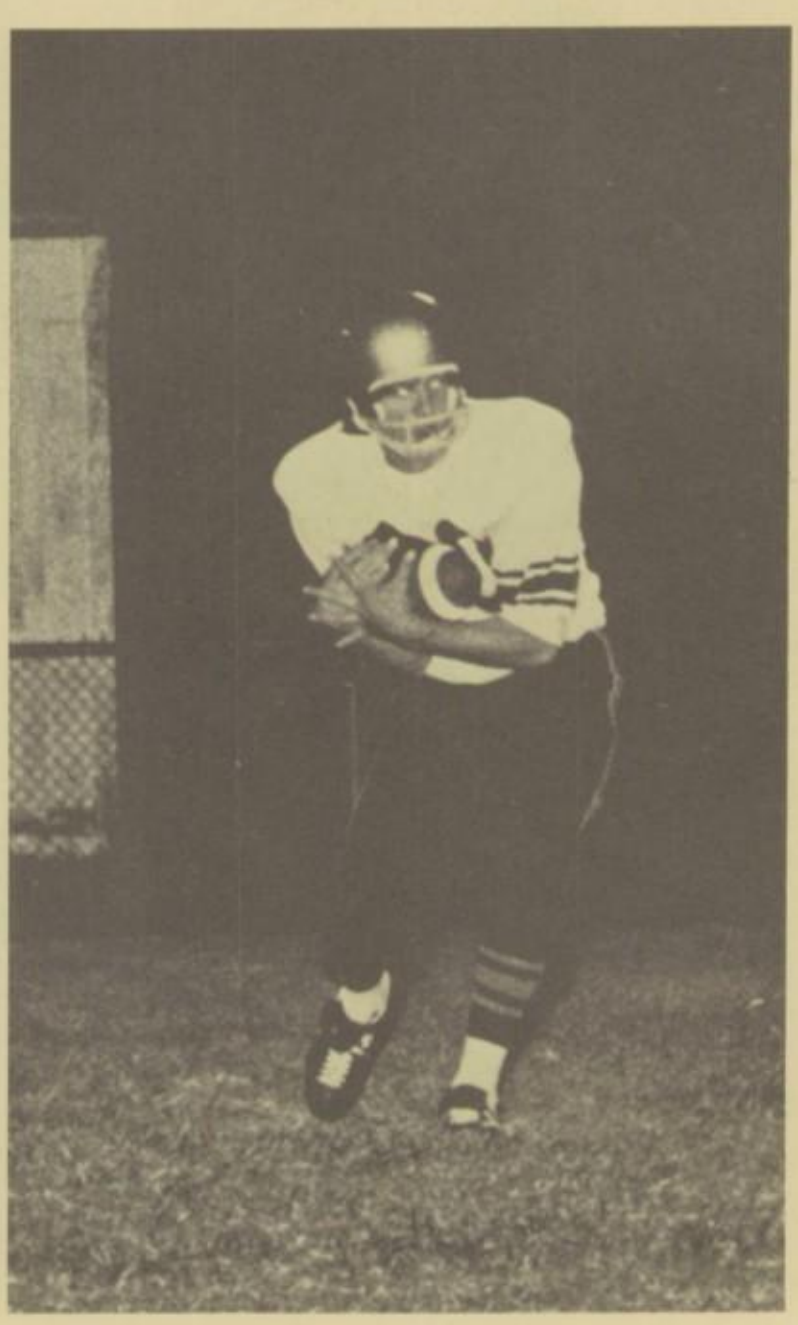


The sports section of the yearbook means many different things to many different people. To some it's a familiar face, a friend, possibly themselves. And they who have worked so hard can truly appreciate what they see before them for when the season is over, the pictures remain to remind both the participants and spectators of what had occurred. Long hours of practice, joyful victories, agonizing defeats, this is what is incompassed within the realm of sports. To those who participated in some capacity, the pictures are real and the memories linger. To those people who gave of themselves to actively support Blacksburg athletics, this section is dedicated.









Sandra

Senior Class of 1974

The final year, senior year, gives the annual school events a new dimension and meaning by suddenly realizing the purpose of homecoming, football games, basketball games, and more specially our graduation. In this respect senior year is unique, because it culminates three years of experience in a year of change. The final year sees youths become men, attitudes turn to ideals, and followers become leaders. Upon finishing his last year at BHS, the senior leaves his sheltered life and enters into a competitive and challenging society. In the ensuing years of successes and failures, senior year will be ever present in his mind, heart, and soul.

SENIOR CLASS OFFICERS: Lindy Alexander, President; Alvin Moss, Vice-President; Dianne Wisher, Secretary; and Kathy Whelchel, Treasurer.

PLAN TO LIVE HERE?

Why not? You'll be old enough, in about 17 more years. The only other requirements are that you be a native-born American, that you have lived at least fourteen years in this country, and that you receive a majority of electoral votes.

It takes hard work, brains, and a measure of luck. But some man or woman makes the grade, every four years.

You have passed a milestone, in graduating from high school. We congratulate you and hope you will set exciting, honorable goals for yourself - and then work for them. Some day you may be famous.

In any event, you'll be a valuable citizen.

Sandra,
Best wishes. Be sweet to
the guys. See you around
maybe at Rachel's sometimes.
Love ya,
Myrtle Suzie
